FREDERICK LINSELL HOUSE
5104 Gullen Mall
Detroit, Michigan 48202

Completed in 1904, this Federal Revival Style structure was designed by Detroit architect Frederick C. Stahl, Jr. as a residence for Frederick Linsell. The exterior and interior woodwork details are especially fine and reflect Linsell's keen interest due to his position as an officer of a custom furniture manufacturing firm. Restored in 1985, it now is occupied by the Dean’s Office of the School of Fine and Performing Arts.
